Local Funding

REFERENCE: DATE OF ORIGIN: JUNE 2023 LAST AMENDED: EXECUTIVE BOARD MEETING - JUNE 2025 REVIEWED: EXECUTIVE BOARD MEETING - NOVEMBER 2024

Local Income Utilization – Guidelines

Local income includes all funding received through Local member funding, rebates and Local dues levies. Local funding/rebates are provided to the Locals to uphold their primary obligations in Collective Agreement administration. In addition, Local funding shall be utilized to uphold the objectives of Locals in accordance with Appendix A, Bylaw 2 of the UNA Constitution:

- a. to support the objectives and activities of the United Nurses of Alberta;
- b. to promote effective communication between and amongst the UNA, the Local, its members and Employer;
 - i. Use a combination of Local Funding and rebates to fund Executive and committee activities. Locals have the option of funding Executive and committee activities based on need rather than providing payment to individuals on a monthly basis. Whenever possible, duties should be delegated so more than one person is responsible for the running of the Local.
 - ii. Fund General members to attend District meetings and meetings of the UNA.
- c. to advance within its jurisdiction the social, economic and general welfare of nurses and other allied personnel;
 - i. Encourage participation at District Labour Councils, fund members to attend AFL and CFNU and CLC events.

1. Have a commitment to their Employer and thus cannot abuse Employer time, and
2. Have a commitment to their Local Members and thus need time to function in the role of Executive or committees and
3. May wish to participate as an observer at UNA delegate meetings.

Local funding will not compensate for all hours put in on behalf of the Local, but it is intended to decrease the burden of excessive hours by the Members if they were to maintain all hours at the Nursing Employer and carry out Union responsibilities.

Members doing authorized UNA business should suffer no loss of wages because of time spent on UNA business. When a Member of UNA does UNA local business on a non-scheduled day, following the Local's approval, the member has the option to request an LOA from the employer, on a mutually agreed upon day or seek compensation from the Local funding.

Locals are encouraged to divide the funding and delegate duties to different Executive Members and Members at large.

Where possible, Local Executive/Members are encouraged to attend all meetings with the Employer on Employer premises and on Employer time.

The grievance article in the collective agreements provides grievance meeting time at no loss of pay for the participants.

Charitable Donations

All donations made by the Local must be approved through the Budgeting process at an Annual General Meeting of the Local or with a motion passed at a Local General Meeting. Each Local should consider a maximum amount to be spent on each donation.

For members not covered by salary continuance in a collective agreement they shall be paid their basic rate of pay plus an additional fifteen percent (15%) for LOAs taken for provincially funded events. Non LOA days shall be paid at their basic rate of pay.

Members doing authorized UNA business should suffer no loss of wages because of time spent on UNA business. When a member of UNA does UNA business on a non-scheduled day the member has the option of requesting an LOA on a mutually agreed alternate day.

When applying for Union LOAs, please reference <https://help.una.ca/dms-web-loa-requests/> .

UNA believes in the necessity of members having their designated days of rest.

UNA believes no member should have to work more total hours than the member's FTE as a result of performing both union business and working for the member's Employer.
