CALGARY “How to Lobby” Workshops

Safeguarding Retirement for ALL Albertans

www.TruthAboutAlbertaPensions.ca

The Labour Coalition on Pensions has a membership outreach and engagement campaign to safeguard retirement for all Albertans.

Safeguarding pensions for all Albertans requires improvements to the Canada Pension Plan. It also requires the provincial government to keep its pension promises to public-sector workers.

Union members are urged to contact and lobby their MLAs. Support and training is available. All representatives are urged to attend and to encourage their members to do the same.

(Pizza, pop and coffee will be provided)
